Sen. McManus issues statement following Senate approval of Senate Bill 522

LANSING – State Sen. Michelle McManus, R-Lake Leelanau, issued the following statement following the Senate’s approval of legislation to make it easier for utilities to construct gasoline pipelines and other infrastructure in Michigan:

“By approving Senate Bill 522, the Senate today protected the ability of utilities to deliver essential services to all areas of the state. Senate Bill 522 will make it easier for utilities to promote safer, more efficient delivery to consumers and allow for continued job growth and development, both of which depend on the availability of utilities.”

The Senate approved Senate Bill 522 by a vote of 29-9. The bill now goes to the House of Representatives for consideration.
